RE: Pool Area Closure  
Wednesday, June 1 to Friday, June 3

Hello, we hope all are doing well.

Please note that heaters for both the pool and jacuzzi are being replaced on Wednesday, June 1. The process may take up to three days; however, if the replacement is completed sooner you will be notified. In addition, please note that the pool and jacuzzi deck will be closed as well for cleaning and to patch the pool finish. Again, if the work is completed sooner you will be notified.

We apologize in advance for any inconvenience this may cause.

Thank you for your time and understanding.
